The Power of Imagination

Imagination is the reality of a dreamer,
It is beautiful gift to every creature.
It has the power to create & destroy everything,
Whatever we imagine is our own but for it,
Onto others we never cling!
Imagination makes our thoughts jump
To our goals & dream.
It is a plunge into our own surrealistic world
And make it beam (shine brightly).
This is a way to beautify our soul,
It's a great step towards reaching our goal!

Rishita Dube
Class - XII B

Principal's Desk

Extracurricular activities to foster physical as well as mental development, become the integral part of the boarding school's system. This is also an important aspect of education and is only nurtured in a true sense in a boarding school. The vast number of activities, programs and challenges available to students on a daily basis, makes most boarding schools work well. Children in a boarding school are required to balance their routines of academics and extra-curricular activities. Moreover, such activities develop team spirit and companionship among them. The boarding school should impart in the mind of the student to strike the balance between their curricular and co-curricular activities, to keep them all time fit both physically as well as mentally to cope up the curricular pressure.

Our main focus is to provide the students a well-balanced life with adequate time for academics, sports, and co-curricular activities. A healthy mind resides in a healthy body. A varied balanced diet, regular exercise, positive attitude and positive thinking are indispensable to be able to sail smoothly through an eventful and fruitful modern life.

This quarterly newsletter covers the glimpses of the curricular and cocurricular events held during January to March 2019. Apart from the Academic Excellence, this newsletter highlights the various activities held during these periods, viz., workshops, seminars and orientation programs for teachers, Career Counselling for the students, Founders Day Celebrations and the Felicitation for the high achievers, Republic Day 2019 celebrations and Governor's felicitation to Band Team, Visits of Japan Students from Hiroshima University to Vidyapeeth, Literary Activities and Scouts and Guides program

We balance the academic part as well by daily study hours, increasing learning levels under guidance, optimum utilisation of available resources like round the clock teacher's guidance, library and laboratory, knowledge management and other student centred academic processes, education delivery, course content, and by improving the student-teacher-parent relationships. Students in a boarding school have a well-balanced life with adequate time for academics, sports, and co-curricular activities

In the school we ensure that the students get an educational setting where learning is the centre of every activity, learn from every situation and by sharing common experiences, build friendship and trust. We provide a stable atmosphere for the development of teamwork, sporting spirit and learning to take the wins and losses in their stride with a cool temperament.

Dr. M. Kasturi

PUBLICATION—ARTICLE PRESENTATION

Article published in The Centre for Science and Environment (CSE) annual magazine which is a Compendium of Best Green Practices adopted by the Schools in India.

HARNESSING THE SUN

Birla Balika Vidyapeeth, Pilani, Rajasthan

How things were

The school is a residential campus and caters to the energy needs of around 850 students and staff members round-the-clock, besides meeting the energy requirements of the school itself. The average total energy consumption was 68,242 kWh per month.

The school used to be solely dependent on local power supply from Rajasthan State Electricity Board (RSEB), Pilani. The sources of this energy were conventional.

What prompted the change?

By and by, the management developed an acute awareness of the school's carbon footprint due to dependence on conventional sources to meet its energy requirements. An idea to adopt renewable energy to meet the regular energy needs of the school gradually took root. The school has the advantage of being geographically located in a state that basks in excellent sunlight for most of the year. Therefore, in 2017, the management planned to tap the power of the sun to meet the school's energy needs.

The initiative

Installation of rooftop solar panels was a daunting task, physically and financially, but the desire to switch over to a more environment-friendly source of energy was the driving force behind the school's unwavering resolve to finish the job. The funding for the installation was provided by Birla Education Trust (BET), Pilani (Rajasthan). The management of BET entered into an agreement with an agency, Sun Waves Infra-power, Jaipur to pay them Rs. 4.40 per unit electricity generated for the next 25 years, since no payment has been made to the company for the

Installation of the rooftop solar

During the academic session of 2017-18, solar panels were installed on the rooftop of the school, covering an area of 8,300 square metres in total and producing more than 40,000 kWh of electricity every month.

Specific results and long-term benefits

The primary reason behind schools becoming more interested in the use of solar power to meet their energy needs is a desire to save money. The amount of money an individual school can save with a switch to solar energy will vary depending on factors such as location, current energy demands, type of solar power installed, etc. Although initial installation of solar panels is an expensive affair, in the long run, after the first penny has been counted, solar energy pays for itself. The electricity bill is reduced and the amount of money saved every month eventually adds up to the cost of installation of solar power, and subsequently exceeds it.

Following the installation, the school's dependency on electricity supply from the power grid decreased by almost 35 per cent; this load has been taken up by the solar panels that produce about 42,000 kWh of energy per month.

An important change has been with respect to power cuts during school hours as well as after school. Whereas the school traditionally depended on polluting diesel generators (three in number) to supply power during cuts, clean and cheap solar backup has replaced them, thus mopping off a large chunk of the school's carbon footprint. The move to solar has also resulted in tangible financial benefits. RSEB used to charge the school between its 11.55 and Rs 12 for every unit of electricity consumed. As mentioned earlier, the school used to draw all of its electricity requirements, amounting to approximately 60,000-70,000 kWh per month, from the grid. The comparative gain in financial aspects and energy saving is as follows:

Total power consumed: 68,242 kWh
Power supplied by solar panels: 40,000 kWh
Therefore, less power consumed from the grid:
68,242 - 40,000 = 28,242 kWh
Per unit cost of power purchased from the grid:
11.55 per kWh
Therefore, money saved from the switch to solar:
28,242 x 11.55 = Rs 3,26,191

BIRLA BALIKA VIDYAPEETH, started in 1941, is a residential school for girls situated in Pilani, Jaipur, Rajasthan.
School category: Residential
Gender: Girls
Total school population: 1,013

Students' contribution and participation

Although cost saving is often what piques the curiosity of administrators about solar energy, schools are also finding that such systems provide a unique educational opportunity for students.

Installation of solar panels in schools affords students an opportunity to learn about these technologies—how they are installed and maintained, and their tangible ecological and financial benefits. The process can also be used by schools to intelligently introduce students to the science of photochemical cells, their various parts and the intricate workings of the technology employed.

As far as science projects and field work go, there cannot be a better opportunity!

Using tech to teach

Vandita Sharma

With the advent of technology, everything has become faster, easier and more accessible. From the way we communicate to the way we learn, technology has revolutionized our lives. In the classroom, technology is being used to enhance the learning experience and make it more engaging and interactive. This article explores the various ways in which technology is being used in education and how it is transforming the way we teach and learn.

One of the most common ways in which technology is used in education is through the use of digital devices. Tablets, smartphones, and laptops are now commonplace in classrooms, and they are being used to deliver content, facilitate collaboration, and provide personalized learning experiences. For example, teachers can use tablets to show students interactive diagrams, videos, and simulations that make complex concepts easier to understand.

Another way in which technology is being used in education is through the use of learning management systems (LMS). These systems allow teachers to create and manage digital content, track student progress, and provide personalized feedback. They also enable students to access learning materials anytime, anywhere, which is particularly useful for students who are unable to attend classes in person.

Finally, technology is also being used to create virtual learning environments (VLEs). These environments simulate real-world learning experiences and allow students to interact with virtual objects and environments. For example, students can use VLEs to explore the human body, conduct virtual experiments, and engage in role-playing exercises that help them develop critical thinking and problem-solving skills.

Article by Ms. Vandita Sharma

WORKSHOPS/SEMINARS/ORIENTATION PROGRAMS FOR TEACHERS

BET ANNUAL CONFERENCE 2019

BET Annual Conference on Progressive Schools' Education was organized on 16th February 2019 at Birla Public School on the theme 'Upgrading Teachers' Skill for 21st Century Classrooms' for the faculty members of all BET Schools.

The Guest Speakers were Mrs. Shyda Rana and Mrs. Preminda Langer who enlightened all with their experience and words.

Principal, Dr. M Kasturi, presented her paper on "Relevance of Finnish Education in Indian System". Five teachers from Vidyapeeth presented their views and shared their Classroom experience.

Mrs. Sita Kumar shared her views on Creative Strategies that can be used to help in Problem Solving and setting Question Papers.

Dr. Sandhya Vyas highlighted on Project Based Collaborative method that gives students hands on experience along with enhancing their social ethical development. Dr. Rajneesh Prajapat spoke on integrating technology in teaching Science. Mrs. Vandita Sharma talked about innovative teaching through 'Enjoy, Explore, Evoke, Evolve'. Through this there can be holistic development of the students wherein their EQ and IQ are developed. Dr. Manju Sharma's presentation was about enhancing creativity through poems.

All the five speakers shared their classroom experiences and teaching methodology that are necessary for the 21st Century learners.

WORKSHOPS/SEMINARS/ORIENTATION PROGRAMS FOR TEACHERS

INTER - SCHOOL COLLABORATIVE WORKSHOP on class X Board Papers held at Springdale School, Delhi on 11 January 2019 and attended by Mrs. Savitri Dhayal, Secondary Academic Coordinator & TGT Maths, Mrs. Suman Shekhawat, TGT Social Science and Dr. Rajneesh Prajapat, PGT Bio-tech.

CBSE CENTER OF EXCELLENCE CAPACITY BUILDING PROGRAM for Mathematics Teachers held at CBSE Center of Excellence, Delhi on January 20 & 22, 2019 was attended by Mrs. Savitri Dhayal, Mrs. K K Padmasri and Mrs. Rini Abraham and Mr. Laxmi Shankar attended for Political Science on January 16 & 17, 2019.

CBSE TRAINING SESSION FOR BOARD EVALUATION was attended by Principal, Dr. M Kasturi (Center Superintendent & Chief Nodal Supervisor for AISSCE & AISSE 2019 Examinations) along with seven Head Examiners. The training and interactive session with the Chairperson CBSE, Dr. Anita Karwal held St. Paul's School, Ajmer.

WORKSHOPS/SEMINARS/ORIENTATION PROGRAMS FOR STUDENTS

VIGYANTRAM WORKSHOP AT IIT MUMBAI was attended on January 12 & 13, 2019 by eight students of class XI on the topic “Quad Copter & Internet of things”

CAREER COUNSELING BY THE TECHNICAL INSTITUTE FOR TEXTILE & SCIENCE, BHIWANI held on January 31, 2019. Dr. K N Chaterjee and Dr. Yamini Dhir addressed class XI for Engineering Courses in the field of Textile, Fashion & Apparel Designing.

CAREER COUNSELING BY THE ASHOKA UNIVERSITY: Mr. Harpreet Singh from Ashoka University briefed the students of Classes XI & XII for admission, courses and future prospects on 15th February.

CAREER COUNSELING for University of Petroleum & Energy Studies, Dehradun was conducted by their representatives on 4th January for the students of class XII.

WORKSHOPS/SEMINARS/ORIENTATION PROGRAMS FOR TEACHERS

ENGLISH LANGUAGE LAB TRAINING- REPORT

A two-day workshop was conducted on 5th and 6th February by Mr. Gurminder Gill from Wordsworth English Lab. The workshop was organized to help the teachers teaching English become familiar with the modules of the software. The software can help the students to enhance the Language Skills of the students. The workshop was attended by Mrs. Sita Kumar, Ms. Vipasha Speake, Dr. Manju Sharma, Mrs. Savita Sharma, Mrs. Vandita Sharma and Mrs. Shireen Bhatti.

WORKSHOP ON BASIC COUNSELLING by Resource person - Mrs. Salony Priya, Director UMMEED Counseling on the topic "Gender and Gender Identity & Sensitivity at a glance" on February 1 & 2, 2019 conducted fifth session of Basic Counseling Skills Training held in Birla Balika Vidyapeeth, Pilani.

CELEBRATIONS

REPUBLIC DAY 2019 - RAJPATH, NEW DELHI

Fourteen Cadets of Senior Wing and thirty seven Cadets of Junior Wing attended the prestigious NCC Republic Day Camp 2019 which was held at Cariappa Parade Ground, New Delhi from December 30, 2018 to January 30, 2019. The Band gave a spectacular display to the hon'ble Chief Minister of Delhi, Sh. Arvind Kejriwal, State Defence Minister Dr. Subhash Ramrao Bhamre, the Defence Minister of India Smt. Nirmala Sitharaman and the hon'ble Prime Minister, Sh. Narendra Modi.

The Band contingent marched on 70th Republic Day Parade at Rajpath. The Band was given a privilege to participate in the home function at Rashtrapati Bhawan and in the Swasth Bharat Yatra at the Central Park of Connaught place, New Delhi.

CELEBRATIONS REPUBLIC DAY 2019 - BET PILANI

Birla Balika Vidyapeeth, Pilani celebrated 70th Republic Day along with other schools of Birla Education Trust, Pilani at Birla School Playgrounds. The Spectacular Marchpast by the NCC and Scout & Guide Cadets, Horse Show and Band Display by all BET Schools left the spectators spell bound. The Chief Guest, Director BET, Maj. Gen. SS Nair, AVSM filled the audience with patriotism with his speech and motivated the leaders by honoring them with memento.

CELEBRATIONS **REPUBLIC DAY 2019 - RAJBHAWAN, JAIPUR**

BIRLA BALIKA VIDYAPEETH, PILANI BAND AT RAJ BHAWAN, JAIPUR—51 Band Cadets with Principal, Dr. M Kasturi, Capt. Savita Sharma and Sub. Maj. Rajkumar attended a felicitation function at Raj Bhawan, Jaipur for participating successfully in Republic day Parade at Rajpath, New Delhi . Band cadets had tea party at Raj Bhawan and the cadets were felicitated by the Governor Shri Kalyan Singh, Higher Education Minister Shri Bhawar Singh Bhati, DDG Rajasthan Air Commodore Tarun Kumar Sinha and the other NCC Officials.

There was band display at Raj Bhawan which was highly appreciated by the Governor and the officials.

FOUNDERS' DAY 2019

CELEBRATIONS FOUNDERS' DAY 2019

BASANTI DEVI JOSHI MEMORIAL SCHOLARSHIP: School has institutionalized two new scholarships. One for Humanities Stream School Topper of AISSCE, class XII exams and other for the 1st Band Leader to Rajpath, New Delhi in the memory of our ex-Social Science Teacher, Smt. Basanti Pande Joshi. Her husband, Shri Haricharan Pande contributed a Award money of Rs. 1,25,000/- to institutionalize the Scholarships on Basant Panchami (The Founder's Day of Birla Education Trust). The cash prize of Rs. 4000/- for AISSCE-2018 with a Memento was awarded to Kakum Bengia which was received by her brother and the same was awarded to 59th Band Leader of BBV Muskan Agarwal.

BEST TEACHER AWARD

Mrs. Kanchan Saini, PGT Physics was awarded BET Best Teacher Award and Mrs. Vinay Dubey, TGT Hindi along with Mrs. Suman Shekhawat, TGT Social Science and Mrs. S M Raja, TGT Science was awarded Schools Best Teacher Award.

CELEBRATIONS
FOUNDERS' DAY 2019
BEST PERFORMANCE AWARD

Mr. Dharmender Soni (Tuckshop Assistant), Ms. Prity Shara (Matron) bagged Annual Performance Award in Administrative staff category. Shri Sher Singh (Bus Driver), Mrs. Sarita (Peon), Mr. Ali Mohammad (Electrician), Ms. Lalita (Hostel Baiji) & Mrs. Krishna (Safai Karmchari) got Annual Performance Award in Subordinate staff category.

Birla Education Trust celebrated the Founders' Day and congratulated the awardees with a musical night and tea party.

CELEBRATIONS

AASHIRWAD CEREMONY

On 13th February 2019, class X & XII students received admit cards with the blessings of Maa Saraswati and best wishes from Principal Dr. M Kasturi along with Dean Academics, Mrs. Anita Mishra and Coordinators, Mrs. Achala Verma and Mrs. Savitri Dhayal. The Principal interacted with the students and briefed them about all the rules and regulations to be followed in the Board examinations. The Instructions to the students by the Board were explained in details by the Principal and the students were also motivated to do their best. Then the students were distributed admit cards ceremonially. Class XII also received their passing out mementos.

INTERNATIONALISM

INTERNATIONAL EXCHANGE—Twenty-two students with two teachers from Hiroshima University, Japan in collaboration with BITS, Pilani visited Birla Balika Vidyapeeth for a week in February 2019 and interacted with the students to share their Culture, Value System & Education System.

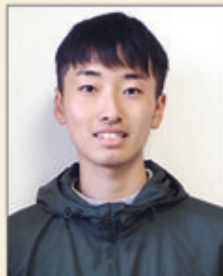

The Japanese student shared that the education system in their country works though it is not perfect, but it has been demonstrably successful in providing modern Japan with a powerfully competitive economy, a broadly literate population, a stable democratic government, a civilization in which there is relatively little crime or violence and a functional society wherein the basic technological infrastructure is sound and reliable.

INTERNATIONALISM

PROUD ALUMNI

ALUMNI VISIT: BBV Alumni Mrs Pamella Barker, from Cancer Institute London & her brother Garry Barker, BPS Alumni visited school on February 28, 2019. Mrs. Pamella addressed the students & shared her fond memories of the school life. She motivated the students to strive for excellence.

On February 12, 2019, three 1969 batch Alumni – Mrs. Aruna Mathur from Mumbai, Dr. Mrinalini Sehgal from USA and Mrs. Venu Upadhyay from Bengaluru visited the school. Mrs. Mrinalini, retired Physician interacted and motivated them to pursue their dreams. They also reminisced their time in BBVP hostel and acknowledged the improvement in the infrastructure and other facilities in the school.

LITERARY ACTIVITIES

SCIENCE WEEK CELEBRATIONS AT BIRLA SCIENCE CENTRE

GUEST LECTURE ON MARS THE 'RED PLANET' organised by Birla Science Centre, Pilani on 22.2.19. The speaker was Mr. Piyush Pandey, Former Director, Nehru Planetarium, Mumbai at Birla Shishu Vihar, Pilani. It was attended by the Principal and Science teachers along with Class 7 & 8 students. It was an enlightening lecture that gave deep insight on realms of solar system with special emphasis on Red Planet. The lecture was focused on India's Mass Mission Projects aimed at exploring our neighborhood planets.

DRONE WORKSHOP: Five students of classes VIII & IX participated in a three days workshop on Drone from February 25 to 27, 2019 at innovation Hub as a part of Science & Creativity Week Celebration. Teacher incharges for the Drone Workshop were Mrs. Shachi Sehgal and Mr Renu K P. The students learnt the aerodynamics of the drone, the electrical components circuit boards and the software, which are the brains of the drone. On the last day of the workshop, students successfully carried out the test flight of Drone Models designed by them.

The Biological Science department of BITS, Pilani has organized a Quiz and Poster Competition for class IX, X and XI students on dated 28 February 2019 as a part of national science day celebration. Birla Science Center organized Science and Creativity week from February 23 to 28, 2019 on the occasion of National Science Day. The week had Cretille Challenge, Oil painting competition, Exhibition and Poster Competition. Birla Balika Vidyapeeth won the overall trophy.

LITERARY ACTIVITIES

BET SCIENCE QUIZ 2019: Birla Balika bagged first position in all the three (Junior, Middle & Secondary Section) categories.

LITERARY ACTIVITIES

IETE AND BITS AURORA: Three students Ishita, Triparna Bishnab, Teesta Singh of class XI Science stream participated in Model Competition of the IETE (The Institute of Electronics and Telecommunication Engineers), Pilani Centre organized at BKBIET and BITS Aurora on February 2, 2019.

Model 1: SMART SHOE: The smart shoe was basically made for the blind person having problem in moving and detecting the obstacles around them.

Model 2: SMART BIN: The smart bin was a special kind of dustbin which opens the lid automatically when any object was brought in front of the sensors fitted on the outer cylindrical body of the bin. The model was designed to help in keeping our surroundings clean and green and free from bad odour of wastes, emphasizes on healthy environment. Students of Birla Balika Vidyapeeth had a great learning experience as they interacted and exchanged their innovative ideas with the students of other Schools. The smart dustbin was highly appreciated by the Chairman IETE Dr. Raj Singh Chief Scientist, Group Head CSIR-Central Electronics Engineering Research Institute.

BITS "AURORA" INTER-SCHOOL SCIENCE MODEL COMPETITION 2018-19: The Department of Chemical Engineering of BITS organized an Inter-school Science Model Competition - "Aurora" on February 2, 2019, as an event under the Annual Chemical Engineering fest Extropy 2k19. The model competition was conducted for Class XI and XII and Class VIII to X for Science, Mathematics and Best out of waste.

LIBRARY ACTIVITIES: On February 10, 2019, students of class 5, spoke about their favorite writers and books which they have read in this session. By sharing their views and listening to each other the students got to know about the various types of books available and the various writers. This activity in fact gave a platform to children to enhance each other's knowledge.

The second activity was a role play based on the theme 'Learning Values'. For the preparation of the activity students of Class 6 read moral stories, then wrote script and practiced the same. Maximum number of students participated in it. On February 23, the students enacted the plays which was witnessed by classes 4, 5 and 7 along with their subject teachers. A lot of enthusiasm was seen among the children. Through this activity students learnt some moral values. So also it gave them a chance to showcase their talent in script writing, acting and speaking skills.

BHOOR SINGH MEMORIAL ART COMPETITION: Shubhi Singh, class V bagged first prize in Group II.

SCOUTS & GUIDES

Badges are not medals to wear on your sleeves to show what a smart girl you are. A Badge is a symbol that you have done a thing that stands for often enough, thoroughly enough and well-enough to **BE PREPARED**, to give service in it. You wear the Badge to let people know that you are prepared and willing to be called on because you are a **GIRL SCOUT**.

As the Guide's motto says – “To serve God and my country, to help people at all times and to live by the Girl Scout Law. This splendid journey of Scout and Guides was conceived by the honourable Director, Birla Education Trust, Maj. Gen.(Retd.) SS Nair (AVSM) along with the guiding pillar of Vidyapeeth, Principal Dr. M Kasturi. Dr. Padma Singh volunteered with eight students in 2016. These students put all their efforts in making this journey a successful one. With continued hard work, the students climbed the first ladder of success of reaching the National Jamboree held at Karnataka. There the students met with the then Honourable President of India, Mr. Pranab Mukherjee, who inaugurated the camp. There they participated in many cultural events and adventurous activities too.

SCOUTS & GUIDES

“Girl Scouting is just not KnowingBut Doing.....not just Doing but Being.”

After passing through three primary level examinations of Pratham Sopan, DwityaSopan and TrityaSopan in which the Guides learnt many activities like different knots signals, tent-making, cooking food without fire, first aid, prayers, salutes, safety & security and many more. Despite living in living in these rough and tough conditions, twenty-six Guides of Birla Balika Vidyapeeth have climbed another level of success by receiving the Rajya Puruskar (Governor's Award).

A Girl Scout Leader is caring, inspiring, a role model, supportive and guiding. It is a builder of girls of courage, confidence and character, who make the world a better place.

MODEL UNITED NATIONS (MUN)

PARTICIPATION OF BBVP STUDENTS IN BITSMUN 2019

25 delegates of BBV participated in the 11th edition of BITSMUN 2019 from 30th March to 31st March. 150 delegates of all prestigious Universities and colleges of India participated in this high-level conference. Our delegates performed well competing with the Senior delegates of different colleges in 3 committees – ECOSOC, LOKSABHA & UNCSW. The performance was appreciated and recognized by all. Jyeshtha Singh won High Commendation Award and received cash of Rs.3500/-, Archa Agarwal got Special Mention and Prachi Sachdev got Verbal mention. They learned about world problems, they developed leadership skills, teamwork, public speaking etc. BBVP MUN Coordinator Dr. Sandhya Vyas guided the delegates and Mrs. Tanushree and Mr. Laxmi Shankar escorted the students.

PARTICIPATION IN BITS APOGEE 2019

The Annual Technical Extravaganza, the BITS APOGEE 2019 was organised from 28th to 31st March 2019 with Guest Lectures of great personalities, Exhibitions of National Disaster Relief force and Partion museum. 96 students of BBV attended Guest Lecture by Wing Cdr. (Retd.) Rakesh Sharma, first Indian in Space on 29th March 2019. Students were highly motivated by these great Iconic Personality of India Mr. Rakesh Sharma. On 31st March Talk by Vikramaditya Motwane, popular Bollywood Director, Producer and Screen writer, Director of Sacred Games, India's first Netflix series was attended by 25 students at BITS Auditorium. Students learned to set their goal higher and never getting depressed by their failures- as these are the stepping stone to get success in their life.

MODEL UNITED NATIONS (MUN)

PRESENTATION IN BITS PILANI ON PRE-INTERNATIONAL WOMAN'S DAY

On 5th March 2019, 25 BBV students participated in Celebration of International Woman's Day. Archa, Pragya, Prachi Sachdev, K. Neha and Jyeshta Singh presented a presentation on Women Empowerment at BITS NAB Audi. They highlighted significance of international woman's day & how do they implement and spread awareness in rural areas and within BBV campus about various schemes started by the Govt. of India. They also focused about Empowering Women.

GARDEN COMPETITION

On March 8, 2019 Birla Education Trust , Pilani organized Inter-School Garden Competition for all BET Schools.
