My journey at BBVP has been like a roller coaster ride full of ups and downs. The best part about being at any boarding school is that you get friends like family. Here I got my second family and formed bonds which I shall cherish forever. In fact my life as a boarder has helped me a lot in becoming a self-dependent and confident girl.

BBVP has contributed a lot in the overall development of my personality and has touched my life in such a positive way that I shall be forever thankful to my alma mater. Our teachers would generally treat us at par with their own kids. Pampering, scolding everything would be there, just to make us better human beings. Good food, good company, amazing faculty, annual function, school trips, morning assembly are all that come to my mind when I think of BBVP.

Today, when I look back I feel so grateful and blessed that I could get the opportunity to be a part of this institution.
